Presidents Message

We are in a new year, and I hope all is well with you. May you do well with all your tall resolutions. In fact, if you have not made one yet, how about a resolution to increase your support of your local club in a big way this year. Your local club board needs your support and participation this year maybe more than before Covid.

If you are willing to go out of town, this email package will provide information on the activities on other club's weekends and gatherings. Let' get back into the swing of thin support all our clubs.

If you are a Member-at-Large, try to make it to one of the weekends or convention so we can meet you. Once we expand our friendships through social gatherings, we really open our horizons.

If you are traveling, check for local clubs to see if they have events that you might be able to participate in.

I would really like to hear from you on your feelings and concerns of the state of Tall Clubs International. I feel that communication is important so that we can become the best organization we can be. Let me know your thoughts at TCIPresBob@gmail.com. I will try to get back to each of your emails.

I'm really looking forward to the fresh off the presses "Tall Topics 2022". Tall Topics is a review of our annual convention. Last year it was based in Providence, Rhode Island for a New England adventure. It is in the mail and I have not received it as of this writing. Thank you Nancy J. for your time, energy and creativity.

I hope to see you at a TALL event near (or far from) you.

Thanks TCI President Bob Huggett

Opportunity . Availably

Any within T.C.I. willing to learn to be web Master helping Megan with our page. The opportunity is now available for an energetic individual with some experience to apply their skills while helping T.C.I. continue to spread our news to our tall Family

A note from your (hopefully retiring) Tall.org Webmaster—

After 7+ years, Megan Lukens is ready to retire from the post, and is looking for another member who is interested in taking over the job of Webmaster for TCI. This is an appointed, volunteer position, not elected, and there is no term limit. The most important qualifications would be loving TCI enough to want to keep it going strong, and having enough computer hardware/software ability to maintain the site.

The site has been hosted at Weebly since 2015, and it is very easy to learn, if the new Webmaster just wants to take it over from there. On the other hand, Word Press has

gotten much more user friendly in the last couple of years, so it might be a better way to go, especially if the new Webmaster would prefer to start from scratch. Either way, Megan will keep the current site going until a new Webmaster is settled, and the changeover can be as gradual as necessary.

Megan asks that anyone who is interested please email her at: PdxMegan@yahoo.com, and CC TCI President Bob Huggett at: TciPresBob@gmail.com

Any TCI club having thoughts about other gatherings or weekends please contact jwalswe@myactv.net so I can get the information out to the masses
